

A close-up photograph of several large, vibrant green leaves, likely from a tropical plant, set against a clear, bright blue sky. The leaves are layered, with some in the foreground and others receding into the background, creating a sense of depth. The lighting is bright, highlighting the texture and color of the foliage.

LIFE

OUR GREEN PROJECT

---

## We care for the environment, we value life

Our vision is to maintain a leading role in the tourism industry by delivering high quality services and ensuring a flawless hospitality experience for its guests, all in a sustainable manner.

We respect, preserve and showcase the valuable natural resources of our destinations, granting future generations their right to an unspoiled natural environment and cultural heritage, as well as the conditions for their own prosperity.

To this end, we adopt and implement responsible policies, with a view to minimizing our environmental footprint. Moreover, we take measures to protect and preserve water and natural resources, as well as promote recycling within our hotels' premises.

We care for the wildlife and stand for the animals' welfare. We are against any form of animal exploitation and reprove participation in any activities which may harm or impact the welfare of animals.

We encourage our visitors to be vigilant of such activities, be considerate about animals and think carefully before undertaking any activity, which may hurt them.

**The financial returns of our efforts are granted back to the local communities that foster our growth, according to their unique needs.**

For our advanced practices, our hotels and resorts have been awarded with the 'Green Key' and 'Blue Flag' quality eco-labels for tourism.

---

## We stand by society with love

### **Investing in Human Capital**

A top priority of our operation is to contribute to the preservation of social coherence. Protecting the health and safety of our employees and guests is of utmost importance to us and our hotels and we have established thorough processes and systematic inspections to this end.

### **Volunteerism and Sponsorship**

Mitsis Group supports and urges its employees, partners and brand ambassadors to actively participate in volunteer activities contributing to the wellness of society. We undertake sponsorships in social care institutions concerning food, clothing and furnishings according to their occasional needs.

Finally, the establishment of the Blood Donor Volunteer Association 'Mitsis Group of Companies' with the collective participation of Mitsis employees aspires to make a valuable contribution to the wider community.

### **We go local to showcase our heritage**

Our progress is coupled with the development of the local communities and the environment in which we operate. We support and cooperate with local enterprises, the regional communities and their residents with a view to protecting local culture, customs and traditions, enhancing their spiritual, social and cultural advancement and ensuring their overall prosperity.

---

## Travel consciously

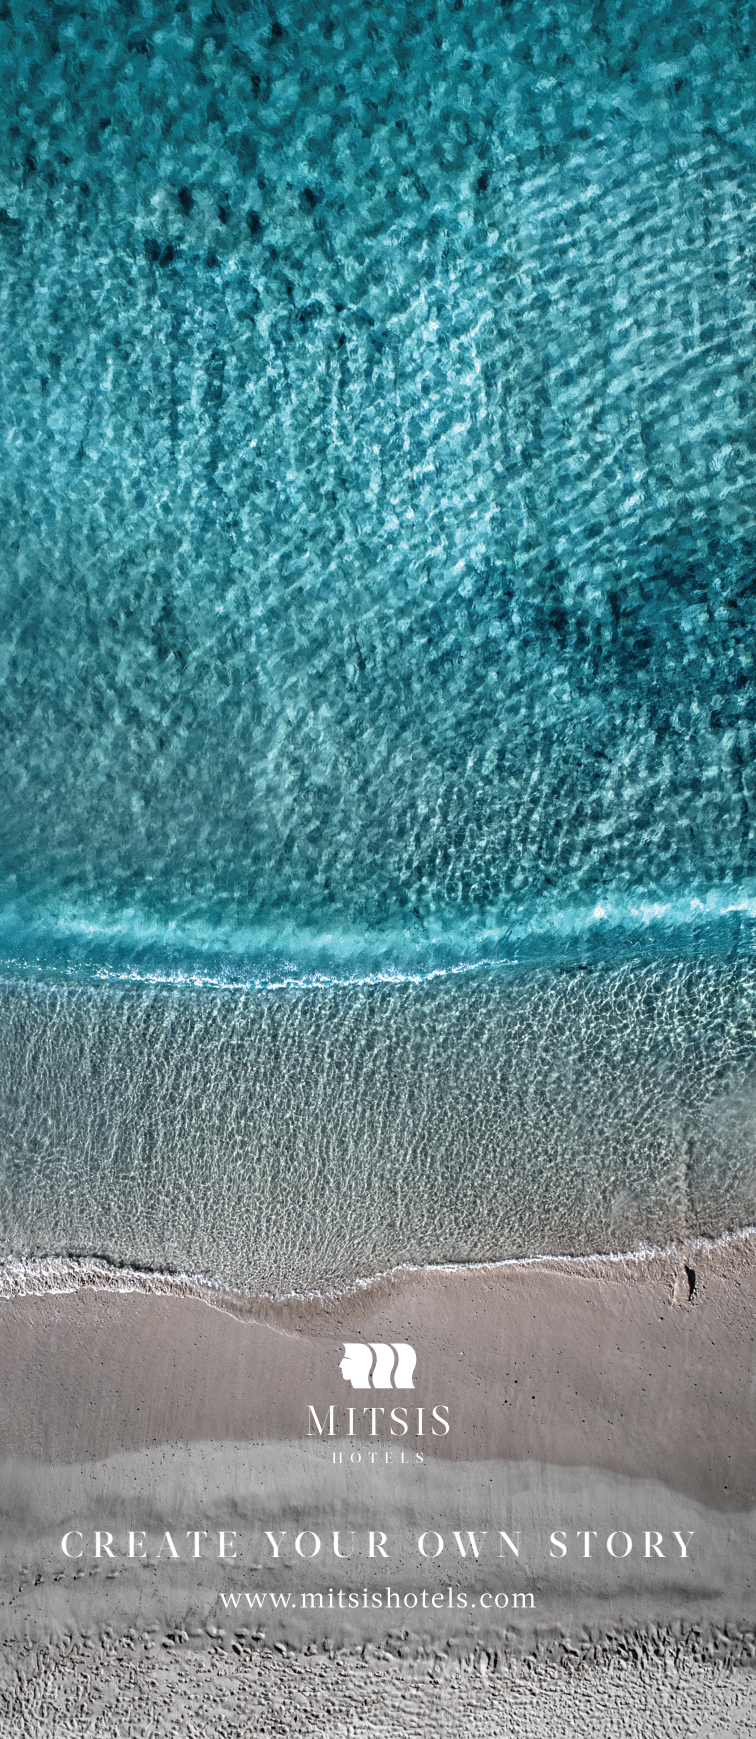

### **Responsible and sustainable travel is connected to the respect of the local cultures and traditions.**

Please follow these suggestions before and during your stay:

- Learn about your destination's culture before traveling.
- Don't take pictures that could be considered offensive.
- When visiting archeological sites, avoid touching the monuments, take pictures only where it is permitted, do not litter and do not take any of the artifacts displayed or fragments of any rocks, metal or clay found on the ground.
- When visiting sites of religious importance, such as churches or monasteries, always respect the dress code, avoid taking pictures, even if they are permitted, turn off your mobile phone, lower your voice, avoid eating and drinking inside the temples and always check the opening times.
- When visiting natural parks, avoid feeding the wildlife, do not litter, support tourism that does not exploit animals and do not buy souvenirs made from animals.
- Give back to the community by supporting local charities, local artists and always prefer buying products from local suppliers.
